

***“The best way to support your Baby  
...and your LifeStyle”***

## **Thank you for your purchase of The ERGO Back Pack.**

Instructions for use: The Back Pack attaches to the back of The ERGO Baby Carrier. On either side of the Back Pack are two webbing straps that relatch to the Back Pack. The top two webbing straps relatch around the shoulder straps of the carrier and the bottom two webbing straps relatch around the webbing connected to the body of the carrier. When wearing the carrier on the back, first become proficient at loading your baby without the Back Pack. The Back Pack is also designed to be used independently of the carrier as a regular Back Pack with shoulder straps.

Our fervent desire is to offer quality products that help bring parents closer to their children. If for any reason you are not satisfied with The ERGO Back Pack, please contact us. Your satisfaction is guaranteed.
